

## Drupal Developer / Programmer

### The opportunity

Knowledge Network, BC's Public Broadcaster, is looking for a skilled **Drupal Developer/Programmer** to grow and enhance our streaming services on web, mobile and TV platforms.

Our streaming services have an expansive, engaged, and dedicated audience. The work of our team is accessed by thousands of British Columbians and Canadians daily seeking information and entertainment from a public broadcaster they trust.

As part of a talented team of designers and developers, you will be responsible for developing and maintaining our web applications, as well as participating in different phases of the development life cycle.

### Responsibilities

- Work in a team to develop and maintain websites using Drupal 8+, PHP, and MySQL
- Assist in completing the migration project from Drupal 7 to Drupal 9
- Develop custom Drupal modules that include integration with databases, broadcast servers, and third-party APIs
- Perform timely security updates coupled with scheduled non-urgent updates. You will work closely with the wider team to apply best practices for site maintenance.
- Collaborate with other team members and cross departmentally

### Required Skills

- Post-secondary diploma or degree in Computer Science/related field, or equivalent working experience
- Strong PHP (including OOP) and MySQL skills
- 3-5 years' experience with Drupal 7/8, including installation and configuration

- Proven custom Drupal 8 module development, including strong familiarity with proper Drupal coding standards
- Experience working with REST, GraphQL, and other modern API technologies
- Experience with Git or similar version control systems
- Experience with Composer and Unix command line interface
- Ability to work independently, as well and communicate within a team environment
- Ability to learn new technologies and business functions

In addition to the required skills, we are looking for someone who believes in the value of what we proudly offer as a free, commercial-free public broadcaster. You are a strong team player, an excellent communicator and thrive on contributing to the development of creative concepts. Check out our free streaming platforms to see if this is something you can get behind.

Knowledge Network is an equal opportunity employer committed to respect and diversity in everything we do. We invite applications from women, visible minorities, Indigenous Peoples, individuals with disabilities, persons of all sexual orientation and gender identities, and all people committed to meaningful work that makes a difference. We are a crown corporation, funded by an annual operating grant from the provincial government and through donations from over 47,000 Knowledge Partners. As such, we offer you:

- Stable employment with a secure, trusted employer
- Standard hours (8 hours/day; Monday-Friday) so you can enjoy your evenings and weekends
- Generous vacation (start at 4 weeks) plus 12 stats, so you can really enjoy paid time off
- 100% employer-paid dental, extended health, vision care for you and your family, plus life insurance and short-term disability insurance (long-term disability is employee-paid)
- An extremely generous defined benefit pension plan (BC Municipal Pension Plan)
- A competitive salary – starting in the mid-80's and working your way up to \$100K+ within 4 years.
- Training and professional development opportunities to grow your skills

On top of this, you will enjoy working with a creative team in a dynamic learning environment. We have a pandemic workplace safety plan in place, and this position requires working at the office located in Burnaby. If this sounds like the right opportunity for you, at the right time in
