MANAGEMENT REPORT *

The Financial Statements contained in this Statement of Financial Information under the Financial Information Act have been prepared by management within the framework of the accounting policies summarized in the consolidated financial statements, and the integrity and objectivity of these statements are management's responsibility. Management is also responsible for all the statements and schedules, and for ensuring that this information is consistent, where appropriate, with the information contained in the financial statements.

Management is also responsible for implementing and maintaining a system of internal controls to provide reasonable assurance that reliable financial information is produced.

The Board of Directors is responsible for ensuring that management fulfills its responsibilities for financial reporting and internal control.

The external auditors, KPMG LLP, conduct an independent examination, in accordance with generally accepted auditing standards, and express their opinion on the financial statements. Their examination does not relate to the other schedules and statements required by the Act. Their examination includes a review and evaluation of the corporation's system of internal control and appropriate tests and procedures to provide reasonable assurance that the financial statements are presented fairly.

On behalf of Knowledge Network Corporation

Rudy Buttignol, C. M., President and CEO

INDEPENDENT AUDITORS' REPORT

To the Board of Directors of the Knowledge Network Corporation
To the Minister of Tourism, Arts, and Culture

We have audited the accompanying consolidated financial statements of Knowledge Network Corporation, which comprise the consolidated statement of financial position as at March 31, 2018 and the consolidated statements of operations, remeasurement gains and losses, changes in net financial assets and cash flows for the year then ended, and notes and schedules, comprising a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation of these consolidated financial statements in accordance with the basis of accounting described in Note 2 to the consolidated financial statements, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of Knowledge Network Corporation as at March 31, 2018, and its results of operations, its changes in net financial assets, and its cash flows for the year then ended in accordance with the basis of accounting as described in Note 2 to the financial statements.

Emphasis of Matter

LPMG LLP

Without modifying our opinion, we draw attention to Note 2 to the consolidated financial statements which describes the basis of accounting and the significant differences between such basis of accounting and Canadian public sector accounting standards.

Notes to Consolidated Financial Statements

Year ended March 31, 2018

1. Nature of operations:

Knowledge Network Corporation (the "Corporation") was incorporated as a Crown corporation in 2009 under the Knowledge Network Corporation Act, a statute of the Province of British Columbia.

The Corporation is British Columbia's public broadcaster across multiple platforms including television, web and mobile. The principal source of funding is from the Ministry of Tourism, Arts and Culture.

The Corporation is a registered charity under the provisions of the Income Tax Act of Canada and is not subject to income taxes. The Corporation's 50% owned subsidiary is subject to income taxes.

2. Significant accounting policies:

(a) Basis of accounting:

These consolidated financial statements are prepared by management in accordance with Section 23.1 of the Budget Transparency and Accountability Act of the Province of British Columbia. This Section requires that the consolidated financial statements be prepared in accordance with Canadian public sector accounting standards established by the Canadian Public Sector Accounting Board, except in regard to the accounting for broadcast rights and government transfers.

The Corporation has obtained approval to continue to capitalize and amortize broadcast rights as non-financial assets. Canadian public sector accounting standards do not recognize intangible assets in their accounting framework and require that such amounts be expensed as incurred.

The Budget Transparency and Accountability Act and its related regulations require the Corporation to account for government transfers stipulated for the acquisition of tangible capital assets by deferring and amortizing them to income on the same basis as the related amortization expense for the assets. As these transfers do not contain additional stipulations that create a liability, Canadian public sector accounting standards would require these grants to be reported as revenue when spent.

The consolidated financial statements reflect the assets, liabilities, revenue, expenses, and accumulated surplus of the reporting entity, which includes the proportionate consolidation of the Corporation's 50% owned subsidiary, Knowledge-West Communications Corporation ("KWCC"). Inter-entity balances and transactions have been eliminated on consolidation.

(b) Revenue recognition:

Externally restricted contributions are recognized as revenue in the year in which the related expenses are incurred. Unrestricted contributions are recognized as revenue when received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured.

Notes to Consolidated Financial Statements (continued)

Year ended March 31, 2018

2. Significant accounting policies (continued):

(b) Revenue recognition (continued):

Subscription fees are recorded on an accrual basis as services are provided, except when the amount cannot be determined with a reasonable degree of certainty. Interest and other revenues are recognized when earned.

(c) Tangible capital assets:

Purchased tangible capital assets are recorded at cost. Equipment, furniture and fixtures are amortized over the estimated useful life on the declining balance basis at rates ranging from 10% to 30% per annum, computer software is amortized over the estimated useful life on the declining balance basis at 50%, and leasehold improvements are amortized on a straight-line basis over the term of the lease.

(d) Deferred contributions for capital assets and broadcast rights:

Funding received from the Province of British Columbia specifically for the acquisition of tangible capital assets is recorded as deferred contributions and is recognized as revenue in the statement of operations on the same basis as the amortization charged on the assets purchased with the funding. This accounting treatment is not consistent with the requirements of Canadian public sector accounting standards, which require that government transfers be recognized as revenue when approved by the transferor and eligibility criteria have been met, unless the transfer contains a stipulation that creates a liability, in which case the transfer is recognized as revenue when or over the period that the liability is extinguished.

(e) Broadcast rights:

Broadcast rights are recorded at cost and amortized over the authorized period of the broadcast right (generally 4 to 6 years).

(f) Financial instruments:

Derivatives and equity instruments quoted in an active market are measured at fair value. The Corporation measures other specific financial instruments at cost or amortized cost to correspond with how they are evaluated and managed.

Financial instruments measured at fair value are classified as level one, two or three for the purposes of describing the basis of the inputs used to measure the fair values, as described below:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2: Market-based inputs other than quoted prices that are observable for the asset or liability either directly or indirectly; and
- Level 3: Inputs for the asset or liability that are not based on observable market data; assumptions are based on the best internal and external information available and are most suitable and appropriate based on the type of financial instrument being valued in order to establish what the transaction price would have been on the measurement date in an arm's length transaction.

Notes to Consolidated Financial Statements (continued)

Year ended March 31, 2018

2. Significant accounting policies (continued):

(f) Financial instruments (continued):

Unrealized gains and losses from changes in the fair value of financial instruments are recorded in the statement of remeasurement gains and losses. Upon settlement, the cumulative gain or loss is reclassified from the statement of remeasurement gains and losses and recognized in the statement of operations.

For financial instruments measured using amortized cost, amortized cost is defined as the amount at which a financial asset or financial liability is measured at initial recognition minus principal repayments, plus or minus cumulative amortization using the effective interest method and minus any impairment losses. The effective interest rate method is used to determine interest revenue or expense.

For portfolio investments measured at cost, the cost method records the initial investment at cost and earnings from such investments are recognized only to the extent received or receivable. When an investment is written down to recognize an impairment loss, the new carrying value is deemed to be the new cost basis for subsequent accounting purposes.

Interest and dividends attributable to financial instruments are reported in the statement of operations.

Financial assets are tested annually for impairment. When financial assets are impaired, impairment losses are recorded in the statement of operations and any related fair value changes previously recorded in the statement of remeasurement gains and losses are reversed to the extent of the impairment. Impairment losses are not reversed for a subsequent increase in value.

Transaction costs are a component of cost for financial instruments measured using cost or amortized cost.

Transaction costs are expensed for financial instruments measured at fair value.

The Corporation has designated its financial instruments as follows:

(i) Cash:

Cash includes cash in the bank and is measured at fair value.

(ii) Short-term investments:

Short-term investments are accounted for as portfolio investments. Investments quoted in an active market are reported at fair value and other investments are recorded at cost or amortized cost. These investments are highly liquid and held for the purpose of meeting short-term cash commitments. Investments reported at fair value recognize any changes in fair value in the statement of remeasurement gains and losses.

Notes to Consolidated Financial Statements (continued)

Year ended March 31, 2018

2. Significant accounting policies (continued):

(f) Financial instruments (continued):

(iii) Market securities:

Equity and debt investments quoted in an active market are reported at fair value. The Corporation has a diversified securities portfolio that includes short-term deposits, bonds and equities. Market securities are accounted for as portfolio investments and are reported at fair value with changes in fair value recognized in the statement of remeasurement gains and losses.

(iv) Other financial assets and financial liabilities:

Other assets and accounts payable and accruals are measured at amortized cost using the effective interest method.

(g) Measurement uncertainty:

The preparation of financial statements in accordance with the framework described in note 2(a) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities, at the date of the financial statements and the reported amounts of revenues and expenses during the year then ended. Significant areas of management estimate include the determination of tangible capital assets and broadcast rights and the related recognition of deferred contributions, and valuation of accounts receivable. Actual results could differ from those reported.

(h) Foreign currency translation:

Monetary assets and liabilities denominated in foreign currencies, are translated into Canadian dollars at the exchange rate prevailing at the financial statement date. Unrealized foreign exchange gains and losses are recognized in the statement of remeasurement gains and losses. In the period of settlement, realized foreign exchange gains and losses are recognized in the statement of operations, and the cumulative amount of remeasurement gains and losses is reversed in the statement of remeasurement gains and losses.

(i) Income taxes:

KWCC uses the taxes payable method to account for income taxes whereby the expense (income) of the period consists only of the cost (benefit) of current income taxes for that period, determined in accordance with the rules established by the taxation authorities.

Notes to Consolidated Financial Statements (continued)

Year ended March 31, 2018

3. Cash and investments:

(a) Cash:

The Corporation's bank accounts are held at one Canadian chartered bank. Interest is earned at prime minus 1.95% and is paid on a monthly basis. As at March 31, 2018, cash includes an amount of USD \$67,818 (2017 - USD \$109,982).

(b) Investments:

	2018		2017
Fixed income	\$ 2,466,186	\$	1,674,806
Common shares	5,452,725		3,231,979
Mutual funds	1,718,193		1,814,686

Notes to Consolidated Financial Statements (continued)

Year ended March 31, 2018

7. Credit facility:

The Corporation has a revolving demand credit facility bearing interest at prime plus 0.50% per annum. The available facility is to a maximum of \$500,000. As at March 31, 2018 no amount was drawn on this credit facility (2017 - nil).

8. Commitments:

Satellite transmission service

The Corporation acquires satellite transmission services at an annual cost of approximately \$411,000 (2017 - \$404,650) under agreements covering a four year period ending August 31, 2022.

Production costs

The Corporation acquires programs that require the commitment of funds. As at March 31, 2018, the Corporation is committed to pay \$2,641,751 (2017 - \$2,180,653) for license fees over the period from April 2018 to March 2020.

9. Related party transactions:

The Corporation is related through common control to all Province of British Columbia ministries, agencies, school districts, health authorities, colleges, universities and Crown corporations. Transactions with these entities, considered to be in the normal course of operations, are recorded at the exchange amount.

In the normal course of operations, the Corporation pays rent to the British Columbia Institute of Technology, a Provincially controlled post-secondary institution, of \$1 per annum and its share of the building operating costs totaling \$315,312 (2017 - \$269,840).

Included in accounts receivable is \$133,504 (2017 - \$37,899) related to advances, fees, and interest receivable from KWCC.

10. Pensions:

The Corporation and its employees contribute to the College Pension Plan and Municipal Pension Plan ("The Plans"), jointly trusteed pension plans. The boards of trustees for these plans, representing plan members and employers, are responsible for overseeing the management of the Plans, including investment of the assets and administration of benefits. The Plans are multi-employer contributory pension plans. Basic pension benefits provided are based on formulas. The College Pension Plan has about 13,580 active members from college senior administration and instructional staff and approximately 6,025 retired members. The Municipal Pension Plan has about 179,000 active members and approximately 71,000 retired members.

Notes to Consolidated Financial Statements (continued)

Year ended March 31, 2018

10. Pensions (continued):

Active College Pension Plan members include approximately 23 contributors, and active Municipal Pension Plan members include approximately 33 contributors from the Corporation.

The most recent valuation for the College Pension Plan as at August 31, 2015 indicated a funding ratio of 103.6%. The most recent actuarial valuation for the Municipal Pension Plan as at December 31, 2015 indicated a funding ratio of 104.6%.

Employers participating in the Plans record their pension expense as the amount of employer contributions made during the fiscal year (defined contribution pension plan accounting). This is because the Plans record accrued liabilities and accrued assets for the Plans in aggregate with the result that there is no consistent and reliable basis for allocating the obligation, assets and cost to the individual employers participating in the Plans.

The Corporation paid \$366,303 (2017 - \$359,201) for employer contributions while employees contributed \$329,036 (2017 - \$342,957) to the Plans in fiscal 2018.

11. Financial instruments risks:

The Corporation, through its financial assets and liabilities, is exposed to various risks. The following analysis provides a description of those risks at March 31, 2018.

(a) Credit risk:

Credit risk is the risk that the Corporation will incur a loss due to the failure by its counterparties to financial assets to meet their contractual obligations. Financial instruments that potentially subject the Corporation to credit risk consist primarily of portfolio investments, endowment investments and accounts receivable. The Corporation has an investment policy to ensure investments are managed appropriately to secure the preservation of capital and the availability of liquid funds. The Corporation has also retained an investment firm to invest surplus funds in accordance with its investment policy. The receivables are due from various entities and individuals, thus the Corporation is not subject to concentrations of credit risk.

(b) Foreign exchange risk:

Foreign exchange risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Corporation's exposure to foreign exchange risk is limited to cash held in US dollar bank accounts as noted in note 3(a).

(c) Interest rate risk:

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Investments bear some interest rate risk as the market price of fixed income securities may fluctuate based on changes in interest rates (note 3(b)).

Notes to Consolidated Financial Statements (continued)

Year ended March 31, 2018

11. Financial instruments risks (continued):

(d) Market risk:

Market risk is the risk that the value of an investment will fluctuate as a result of changes in market prices, whether those changes are caused by factors specific to the individual investment, or factors affecting all securities traded in the market (note 3(b)). The Corporation is exposed to fair value risks on its investments in common shares and mutual fund instruments.

(e) Liquidity risk:

Liquidity risk is the risk that the Corporation will not be able to meet its obligations as they fall due. The Corporation maintains adequate levels of working capital to ensure all its obligations can be met when they fall due.

12. Accumulated surplus:

Accumulated surplus is comprised of the following:

	2018	2017
Invested in tangible capital assets Invested in broadcast rights	\$ 1,181,129 8,980,492	\$ 1,023,583 8,701,665
Endowment funds Unrestricted amounts	7,719,904 1,957,900	5,520,383 2,191,807
Balance, end of year	\$ 19,839,425	\$ 17,437,438

13. Budget figures:

Budget figures are provided for comparison purposes and have been derived from the budget approved by the Board of Directors on February 23, 2017.

14. Expense Presentation:

For reporting purposes, the Corporation's activities have been aggregated into operational categories. The schedule of consolidated expenses by object reports the revenues and expenses that are directly attributable to each operational category. The revenues and expenses that cannot be directly attributable or allocated on a reasonable basis to individual categories are reported in General category. The following describes the activities of each area:

Programing and presentation

This category includes salaries and benefits costs of staff responsible for the acquisition of broadcast rights, management and design of broadcast content including branding, captioning of programs, and management of broadcast traffic. This category also includes the cost of contracted editors hired to create promotional content.

Notes to Consolidated Financial Statements (continued)

Year ended March 31, 2018

14. Expense Presentation (continued):

Marketing and development

This category includes salaries and benefits costs of staff responsible for administering our Partners' donations and Knowledge Endowment Fund. This includes other operating costs related to the servicing of our donors such as the production and distribution of the program quide.

This category also includes salaries and benefits costs of staff responsible for maintaining government reporting requirements, reporting on audience and viewership results and implementing our marketing plans.

Broadcast platforms and corporate IT

This category includes salaries and benefits costs of staff responsible for the maintenance and administration of the broadcast platforms and corporate information technology infrastructures. This category also includes operating costs related to the distribution of our broadcast signal to our audiences.

General

This category includes amortization of tangible capital assets and other administrative expenses.

Amortization of broadcast rights

This category includes the amortization of broadcast right assets over the authorized period of the broadcast right/

Administration

This category includes salaries and benefits costs of staff responsible for overall administration, finance, and human resources. Operating costs also include the Corporation's share of leased facilities costs, and the costs of training and professional development of our staff.

Specialty TV channel

This category represents the operations of the BBC Kids tier 2 digital specialty channel via KWCC. BBC Kids is available to Canadian cable and Internet TV subscribers.

15. Comparative information:

Certain comparative information has been reclassified to conform to the financial statement presentation adopted in the current year.
